## GUN LAKE TRIBE SECURES FUNDING FOR CASINO CONSTRUCTION

On Tuesday, July 20, 2010, the Match-E-Be-Nash-She-Wish Band of Pottawatomis Indians ("Tribe") announced that it has finalized financing to complete construction of the Gun Lake Casino, located in Wayland Township, Michigan. The Tribe's tentative opening date for the Gun Lake Casino is set for early 2011.

"Securing this loan is another significant achievement in our tribal government's effort to become economically self-sufficient. This development ensures badly needed jobs and services for our tribal citizens, and our neighbors in the local community," stated D.K. Sprague, Tribal Chairman.

Goldman Sachs will provide the \$165 million loan to the Tribe. The loan will accrue interest at twelve percent and is for a term of five years. The Tribe reserves the option to pay the loan back, in full, after the third year.

"With this loan, we are confident we can quickly build a state-of-the-art facility that will be competitive with any casino in Western Michigan. We look forward to providing a great entertainment experience," said Mr. Sprague.

Phase I plans call for a 83,000 square foot facility that will feature 1,400 slot machines, 36 table games, an entertainment lounge, and a casino bar. It will be operated by the Tribe's management partner, MPM Enterprises, LLC, owned by an affiliate of Station Casinos, Inc., as well as private investors from Michigan.

for a total tax of 24%. This 24% tax historically applied to all three Detroit casinos. As a result of all three casino facilities being deemed “fully operational,” they are subject to a wagering tax of 19% , with 10.9% of this levy to go to the City of Detroit, and 8.1% to be paid to the State of Michigan. Greektown Casino’s tax rollback was retroactive to February, 2009, and thus the casino will receive ongoing tax credits to offset prior payments.

## **DETROIT CITY COUNCIL APPROVES PURCHASE OF FORMER MGM GRAND CASINO SITE**

On Tuesday, July 20, 2010, the Detroit City Council approved the funding necessary for transforming the old MGM Grand Detroit Casino site into the City’s new public safety headquarters. By a 5-4 vote, the former casino will house the city’s police and fire department headquarters, as well as a new crime lab operated by the Michigan State Police. The approval allocates \$6.3 million for the purchase of the building, and allows for the sale of \$100 million in bonds to fund both the purchase and the renovation of the site.

According to Detroit Mayor Dave Bing, “It will allow us to establish a consolidated public safety headquarters that is more efficient and effective in protecting our residents.” He has also said the 400,000 square foot building should be finished by the fall of 2012.

In 1999, MGM Grand Detroit opened a temporary casino at the site, which overlooks the Lodge Freeway. In 2007, MGM Grand Detroit Casino moved into its current \$800 million facility located on Third Street near the intersection with Michigan Avenue. The former casino building has been vacant since that time.
